Diversity, Equity, and Inclusion in Paleontology

Join us virtually for the Paleontological Research Institution's 14th annual Summer Symposium. Our goal this year is to foster meaningful conversation and change to address the immense lack of diversity in our field. Ten speakers with a variety of interests and experiences will explore the topics of diversity, equity, and inclusion in the field of paleontology. Each session will end with a 30-minute Q&A. (*See other side for schedule.*)

We welcome everyone to join us! For more information, and to register for free visit:
